

The Empira Group is an investment house with high real estate expertise in German-speaking Europe. With a proactive and results-oriented team of real estate experts, our constant goal is to create sustainable value for our institutional investors with innovative investment solutions.

In order to further secure our growth strategy, we are looking for a committed personality for our head office in **Zug** as

## Director Product Development (m/w/d)

### Your tasks

- Close cooperation with the Investment and Transaction Management regarding internal and external reporting
- Organization and team leading of up to three professionals
- Identification and development of business opportunities for real estate solutions
- Development and implementation of a pricing strategy as well as following up on existing products
- Preparation of monthly committees for new product developments
- Analysis of possible mandates and structure options
- Conducting research as well as keeping updated with macro, regulatory, industry and peers' trends

### Your qualifications

- Master degree or higher; CFA, CAIA and/or MRICS desirable
- At least 7 years of professional experience in the field of asset management and private markets as a product specialist; prior experience in product development and management is a must
- An understanding and strong interest in private equity and real estate
- Excellent analytical skills and innovative thinking
- Strong communication skills, exceptional commitment and team spirit
- Proficient English and German skills
- Ability to work independently and well organized

### What we offer

- Young, dynamically growing company with flat hierarchies
- A wide range of creative opportunities
- Committed and motivated team
- Opportunities for further training and development
- Performance-related remuneration

Please send your complete application documents including your salary expectations and possible starting date by e-mail to [karriere@empira.ch](mailto:karriere@empira.ch).
