

Empira Group appoints Markus Königstein as Global Head of Investment Management

- **28 years of experience in institutional real estate investment, most recently as Head of Real Estate and Infrastructure at R+V Insurance Group**

Zug (Switzerland), XX September 2022 – Empira Group, a leading investment manager for institutional real estate investments, is pleased to welcome Markus Königstein MRICS to its team.

He will assume the newly created role of Global Head of Investment Management, driving forward the internationalisation of Empira Group's investments in its key markets – Europe's German-speaking countries – and in the USA.

Lahcen Knapp, Chairman of the Board of Directors of Empira Group, said: "Markus Königstein is an outstanding specialist in the field of institutional real estate investment, most recently being responsible for a portfolio of some €10 billion in equity and debt. As Global Head of our investment team with a cross-border focus, he will draw on his invaluable experience to identify the most attractive risk-reward profiles and make them accessible to our investors."

Königstein has 28 years of relevant professional experience, most recently as Head of Real Estate and Infrastructure at R+V Insurance Group, where he had worked since 2003.

Empira Group is delighted by this high-calibre appointment and wishes Markus Königstein much success as he starts his new role.

About Empira Group

Empira Group offers institutional investors a vertically integrated platform for real estate investments in Europe and the USA. With an investment volume of around €7.1 billion, Empira Group is a leader in Europe's German-speaking region in the development of innovative and high-yield investment approaches to equity and debt. As an innovation driver, the company is a first mover in the field of debt products. The real estate and capital market experts at Empira Group provide a seamless one-stop service covering the entire value creation process in the residential and office sectors. The company is headquartered in Zug, Switzerland, and has further offices in Luxembourg, Germany, the USA, the UK and Austria.
